Mehmet Stublla

Dear Mr Stublla,

In the recent Friday's sermon of 1st April 2011, the safety, and welfare of the management team and attendees was put at risk due to your unabated and deliberate preaching, designed to inflame and strain tensions within the peaceful community

Your behaviour has caused deep and hurtful divisions amongst the community; such addresses are contrary to the intended role of any Imam and the ethos of this Charity.

The attendance of the Local Metropolitan police inside the premises was a direct result of your inciting remarks which had lead to a dangerous standoff between opposing groups of worshippers.

You have been warned of such behaviour on numerous occasions and repeated attempts by the incumbent trustees, respected elders and members of the police to mediate and resolve differences between your company and the charity have failed.

Only members with peaceful objectives are allowed to engage in the work of our community organisation or to enter the premises. Therefore since your behaviour is no longer acceptable, the Board decided at their meeting of Sunday 3rd April 2011 to remove you from the Charity's membership and forbid you from entering the premises until further notice

Sincerely,

Hajj Mustafa FERATI
Chairman
